Judicial Renaissance IV

The College's annual Judicial Renaissance program, in collaboration with the Centro de Estudos Judiciários, and in partnership with the Federal Judges Association and IALGBTQ+ Judges, will be held in the historic and culturally rich city of Lisbon, Portugal.

Judicial Renaissance is an innovative and transformative experience for the judiciary. It is an intellectual retreat that transcends the boundaries of conventional legal education, immersing judges in the deep and diverse currents from which the law itself has emerged. Here, participants will traverse the vast landscapes of history, philosophy, the arts, humanities, and sciences, uncovering the rich tapestry that informs the very essence of jurisprudence.

This is more than just a study program—it is an intellectual odyssey that rekindles the ageless pursuit of wisdom and justice. It is a conclave where legal minds come to learn from the past and grasp the big ideas shaping our future. With guidance from a cadre of luminaries across varied disciplines, judges will explore enduring human achievements and the foundational principles of justice.
